

AAP Containers Non-forkliftable base

The container is a non-welded unit (except of the roof) with individual, exchangeable parts, facilitating quick, easy and cost efficient exchange of damaged extrusions and sheets.

A net and integrated weather curtain form the door at the 125 in. side.

General specifications

Design	According to NAS 3610-2A2C; TSO-C90
MGW	13300 lb/6033 kg
Max. dimensions	125x88x64 in.
